

LPV SERIES

LED Tube

Project Name:	Order Number:	Prepare by:	Note:	Date:	Type:

The LPV-6UB LED U-bend tubes are designed to upgrade existing fluorescent U-bend tubes with energy-efficient LED technology. They come with an AB version that allows for flexibility in installation, offering the option to bypass or not bypass the ballast. Compatible with a wide input range of 100-277 Vac, these tubes are versatile for various electrical systems. They are non-dimmable, providing consistent brightness suitable for numerous applications, and are rated for damp locations, making them ideal for environments with moisture. Certified by UL, the LPV-6UB LED U-bend tubes ensure both quality and safety. Affordable and easy to install, they are well-suited for workshops, shopping malls, offices, commercial buildings, and other public areas.

HIGHLIGHT

Energy-Efficient Upgrade

Replace existed fluorescent U bend tube t tubes with LED for improved efficiency.

Damp Location Rated

Suitable for use in enviroments where moisture is present

CONSTRUCTION

- Unit includes heavy duty metal frame, LED array, heat sink, hanger, security cable and high quality LED tube.

OPTICS

- Diffuse for uniform illumination.

DRIVER

- 100 - 277V 60Hz universal input voltage
- Non-Dimmable

MOUNTING

Ceiling and pendant mount

LISTING

- UC Listed

WARRANTY

5 years manufacturer warranty, consult for more details.
Terms and conditions may apply.

*5 years limited LED luminaire warranty to the original purchaser that the luminaire shall be free from defects in materials and workmanship from date of shipment, when under properly installed at normal conditions of use. The warranty may not cover physical damage or abuse under certain conditions.
