

LSQ LIGHTING

LED LINEAR PROFILES

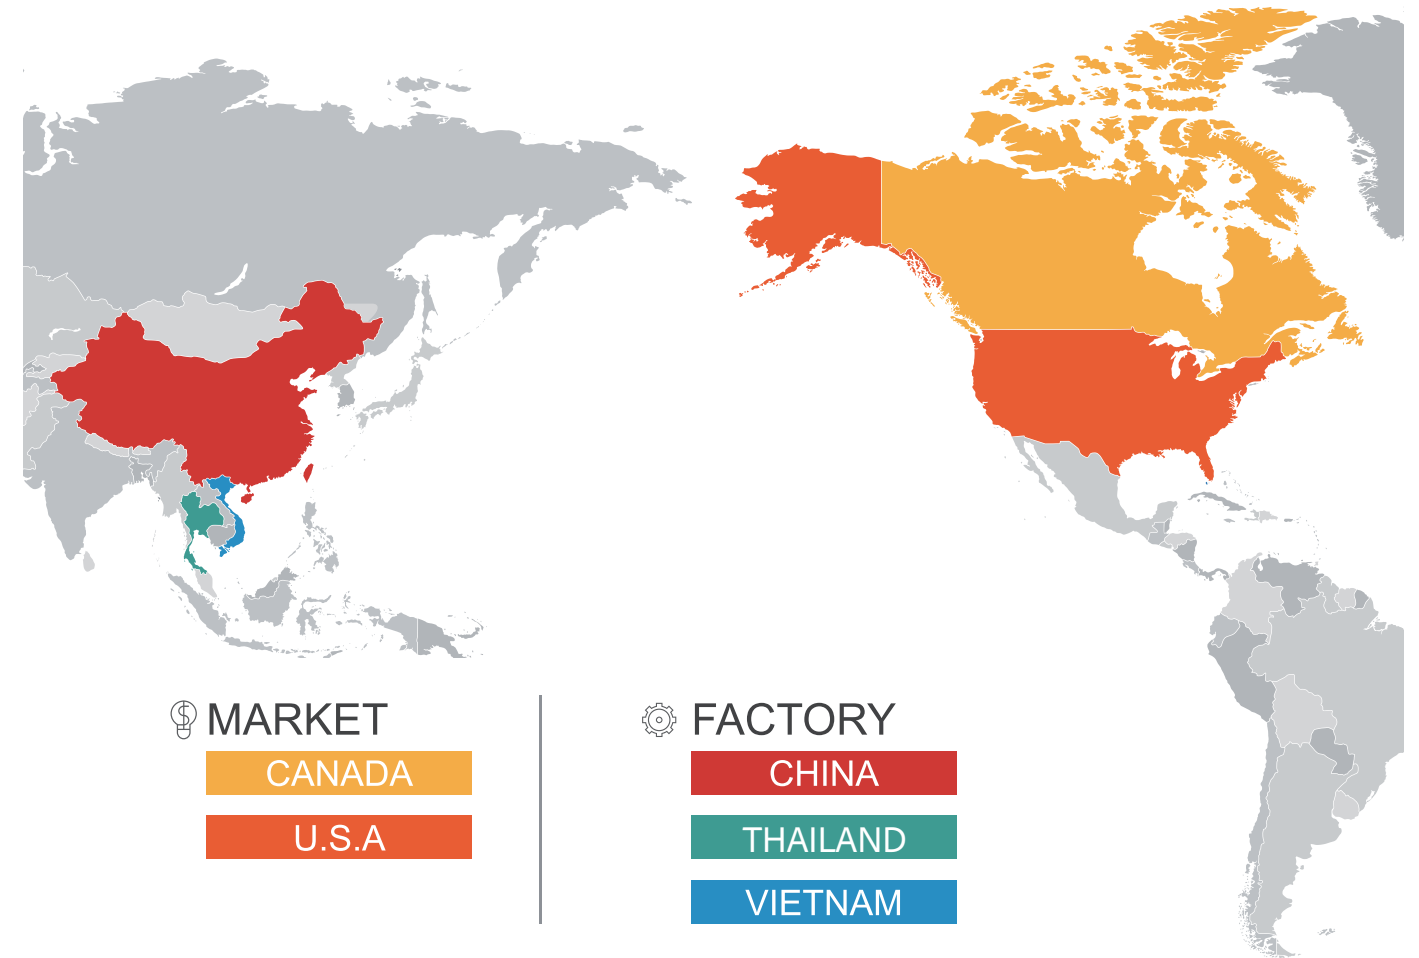

2025

ABOUT US

-  American Based Company
-  Focuses on developing modern and reliable lighting products
-  Tested to comply with Industry standards
-  Energy Star, UL and ETL rated
-  Bring innovative, ultra-efficient, and best in class lighting products

- sales through distributor and sales rep
- USA distribution warehouse for drop shipping and technical support
- International team based in U.S.A, China, & Thailand
- Experienced in big box retailer online ecosystems, EDI/Commerce Hub order system and U.S.A. private brands quality assurance requirements

Lighting Squared is a American based company that focuses on developing high quality modern and reliable lighting products. Our products had been tested to comply with industry standards. Here at Lighting Squared, it is our commitment to bring innovative, ultra-efficient, and best in class lighting products. By providing our customers with the service and products they deserve, we were able to establish a solid business relationship, and this made us who we are today. We have positioned Lighting Squared to stay ahead of the market and focus on timely innovation and provide the highest quality product solutions to our partners to fit their lighting needs. The Lighting Squared mission has always strive to bring the latest quality products at reasonable prices to the lighting industry through experience and technology.

SHINE (LOW-GLARE LED PROFILE SERIES)

NEW!

SHINE (LOW-GLARE LED PROFILE SERIES)

High-end LED decorative linear lights; various sizes and diffusers; deep anti-glare design to provide users with a healthy and comfortable environment; Quick installation.

Model: SL1310-3

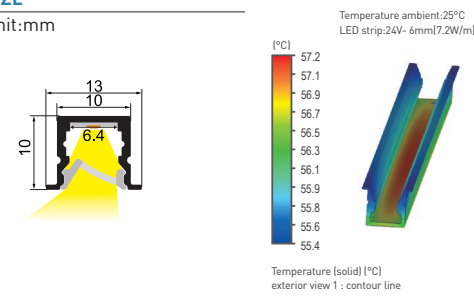

Ultra-narrow line light design, unique dual-color cover, exquisite and elegant appearance, soft and uniform light emission, easy to install, and can meet the needs of various scenarios.

Polarized light in recessed-mounted unique dual-color cover

SIZE

Unit:mm

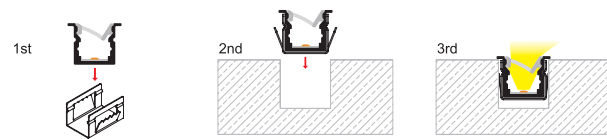

PARAMETERS

Material:	AL6063-T5
Surface:	Anodized/ Painting
PC cover:	Diffuser /Transparent/Opal/Black
Power:	7.2W/m
Input voltage:	12VDC/24VDC
Lamp beads:	320LEDs/m(COB) 120LEDs/m (SMD2835)
Lighting source width:	6 mm(max.)
Available lengths:	0.5-3m
Application:	Furniture lighting/ Indoor lighting

		135° connector 1509PJHA		
		135° vertical connector 1509PJHB		

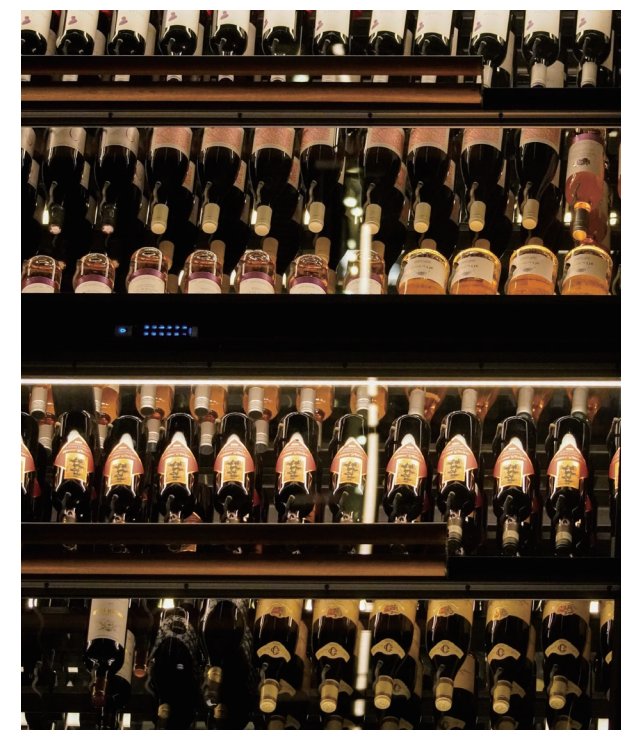

This series of creative magnetic device design , can be installed by magnetic suction and hidden mounting clips, Easy to install, simple and beautiful. Magnetic installation: it can rotate 360 ° and can move freely. Embedded installation: can hide the mounting clips, easy to install and beautiful appearance.

Installation

Application

Model: LG2212

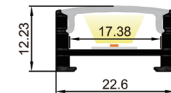

Material:	AL6063-T5
Surface:	Anodized/ Painting
PC cover:	Diffuser /Transparent/Opal/Black
Power:	14.4W/m
Input voltage:	12VDC/24VDC
Lamp beads:	156LEDs/m (SMD2835)
Lighting source width:	17 mm (max.)
Available lengths:	0.5-3m
Application:	Indoor lighting/ Furniture lighting

BENDABLE PROFILE

The series free arc can be customized arbitrary like arc, round, "S" shape and wave and other shape, the lighting direction can be inner lighting, outer lighting, up and down lighting. Can applied to a variety of arc occasions free stitching, straight arc connection and three-dimensional space connection, applied to a variety of arc occasions and a variety of artistic modeling lighting, to achieve the perfect combination of light and art.

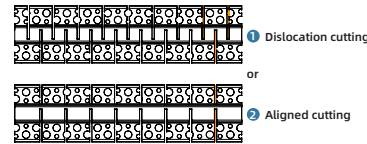

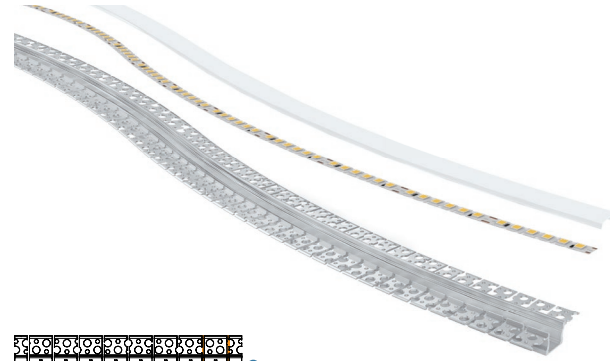

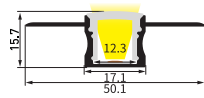

ANY
ARC BY
HAND

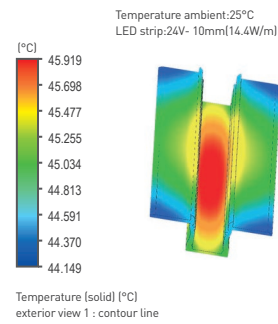

Model: LR5015C

Unit:mm

FEATURES

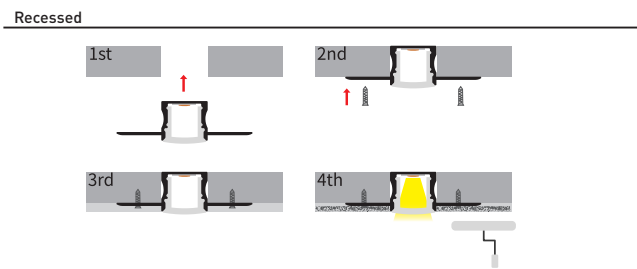

- 1. bendable decorative profile
- 2. Our products are suitable for fashionable space, office, chain store, supermarket, building material store, administrative hall, public place, etc.

PARAMETERS	
Material:	AL6063-T5
Surface:	Anodized/ Painting
Silicone cover:	Diffuser /Black
Power:	14.4W/m
Input voltage:	12VDC/24VDC
Lamp beads:	320LEDs/m(COB) 156LEDs/m (SMD2835)
Lighting source width:	12 mm (max.)
Available lengths:	0.5-3m
Application:	Commercial lighting / Indoor lighting/Decorative design

INSTALLATION

For LR1105 / LR1806

For LR3916 / LR3916B/ LR3916C

DECORATIVE PROFILE

Designed for different building structure.(ceilings, wall under corner, inside corner, outside corner, etc) it perfectly explains the combination and the artistic conception of light and space.

Slotted pre-embedded aluminum channel for ceiling, respectively, for different angles of oblique illumination, applied for designated lighting in wall corners.

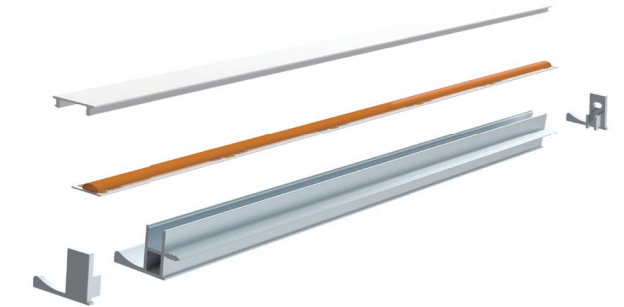

Model: LD2919

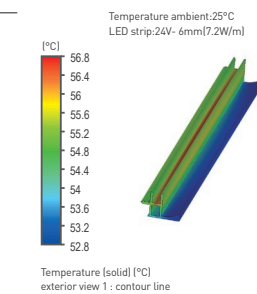

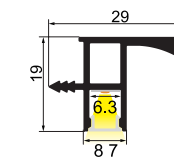

Wall cupboard handle free profile

Handle profile for hanging cabinet, the aluminum profile design with handle, integrated with the cabinet installation, not only decorate the hanging cabinet, but also as a lighting.

SIZE

Application

Model: LP2019

Material:	AL6063-T5
Surface:	Anodized/ Painting
PC cover:	Diffuser /Transparent/Opal/Black
Power:	14.4W/m
Input voltage:	12VDC/24VDC
Lamp beads:	156LEDs/m (2835)
Lighting source width:	15 mm(max.)
Available lengths:	0.5-3m
Application:	Commercial lighting / Indoor lighting/Decorative design

Installation
